

## **Appendix J**

### **Hazardous Waste Disposal Documentation (Profiles provided on CD)**

**Appendix J**  
**Hazardous Waste Disposal Documentation**  
**Forrest Street Properties, Garfield Avenue Group**  
**PPG, Jersey City, New Jersey**

This appendix includes manifests for hazardous wastes which were removed during the excavation of the Forrest Street Properties (FSP), Block 21501, Lot 15 as part of the soil remediation activities being conducted for the Garfield Avenue Group Sites. This appendix also includes manifests for wastes removed during full-scale remedial activities, wastes generated during groundwater treatment system operations, and wastes not directly loaded during excavation activities (i.e., well installation and remedial investigation-related activities that occurred concurrently with remediation during this time frame).

FSP was excavated concurrently with portions of Forrest Street. During this phase of work, waste manifests and bills of lading were tracked by sets of one to four grids. Loads that were from grids or sets of grids located only on Forrest Street are not included here. Loads that were removed from grids or sets of grids that straddle the FSP and Forrest Street boundary are included in both Remedial Action Reports.

Profile Number	Profile Name	Treatment Storage or Disposal Facility (TSDF)	Loads	Tons
1	Chromite Ore Processing Residue	EQ Michigan Disposal, EQ - Envirite PA	189	4,582.92
2	Commingled Soils	Stablex	9	176.71
3	Groundwater Treatment System Sludge	EQ - Envirite PA	1	16.92

<b>Total</b>	<b>199</b>	<b>4,776.55</b>
--------------	------------	-----------------

**Notes:**

EQ - Environmental Quality Company

EQ - Envirite PA - EQ Envirite of Pennsylvania, Inc. in York, Pennsylvania

EQ Michigan Disposal - EQ Michigan Disposal Waste Treatment Plant in Belleville, Michigan

Stablex - Stablex Canada, Inc. in Blainville, Quebec, Canada

TSDF - hazardous waste treatment, storage, and disposal facility

1. US Ecology purchased EQ in April 2014 and Stablex in November 2015.
