ABBREVIATIONS:
 ft – feet
 NAVD88 – North American Vertical Datum of 1988

GENERAL NOTES:

G1. Source of block/lot information is Jersey City Parcel Data from New Jersey Geographic Information Network (NJGIN), last updated 10/6/2015 (available at: <http://data.jerseycitynj.gov/dataset/jersey-city-parcel-polygon>).

G2. Property lines and pre-construction topographical contours are sourced from the "Boundary and Topographic Survey, PPG Industries Site 114, Lots 11, 12, 14 and 15, Block 21501, City of Jersey City, Hudson County, New Jersey" prepared by Borbas Surveying and Mapping, LLC, dated January 8, 2019.

G3. Conceptual post-excitation elevation contours were generated using professional judgement based on post-excitation survey points and knowledge of excavation practices utilized during the remedial excavation (i.e., excavation conducted on a 30-foot by 30-foot basis). Post excavation survey points were sourced from the "Post Excavation Elevation Plan for ENTACT, LLC, PPG Site 133 & 135 Skyways," prepared by Maser Consulting P.A., dated June 30, 2017.
